Ms. Hagan,

Voluntary negotiations about starting a Disabled Student Council after kicking me out of UMKC for disability Advocacy. So that shows a pretext that UMKC wanted a Disabled Student Council without me at its head. This should mean that my previous two complaints about my Academic Dishonesty case that were closed should be reopened. As I stated in previous emails expelling me was a pretext and now UMKC wants to institute a Disabled Student Council where there is another student in charge, one who will not be sitting at the Student Council Meeting, one who will not ask where the money is. This voluntary negotiations have no bearing unless UMKC is willing to throw out my Academic Dishonesty case and readmit me into the program. If not I have my own legal remedies in place including contacting the Whitehouse to get a Presidential Pardon for the retaliatory conviction. Fyi I never filed a complaint after I was expelled I will be doing that today.
